COMMIT REPORT

Dive into the commit's metadata including author, timestamp, description, and associated scan results.

What does this report contain?

This report provides a high-level summary of the selected commit, including repository details, commit metadata, total security findings, and a comparison of issues introduced or resolved since the previous commit. It serves as a quick overview of the commit's impact on code quality and security posture.

Commit Metadata

Commit Description

Merge pull request #6680 from
divamidesignlabs/hotfix/jenkins-strapi-update...

Commit ID 78a83fc3

Committed by web-flow

Committed 1 day ago

Scanned by Agent 6.17.0

Scan Duration --

Report Fetched on 03:47 PM [IST]
12-06-2026

Total Findings

- SCA 139
- Secrets 1
- SAST 85

Total 225 issues (SCA, Secrets, SAST) were found during this PR scan.

Issue Status Since Last Commit

0

resolved issues

You have resolved 0 unique issues in this commit compared to your previous commit

225

new issues

You have created 225 new unique issues in this commit compared to your previous commit

FINDINGS OVERVIEW.

Visual summary of severity-based issues from SCA, Secrets, and SAST scans, along with SBOM insights highlighting vulnerabilities in third-party packages

SBOM

Total packages 3393

Vulnerable packages 63

2% of your packages contains vulnerabilities

Note You can view all the Packages in your Dashboard

SCA

Total 139 issues were found during this PR scan.

Secrets

Total 1 issue was found during this PR scan.

SAST

Total 85 issues were found during this PR scan.

FINDINGS LIST.

View list of severity-based issues from SCA, Secrets, and SAST scans, along with SBOM insights highlighting vulnerabilities in third-party packages
